

About the Haufe Group

The Haufe Group is a leading B2B provider of integrated corporate and workplace solutions, supporting sustainable corporate development and the successful design of transformation processes in the areas of Software Solutions, Content and Learning. Over the past 70 years, Haufe Group has evolved from a successful publishing house into a comprehensive corporate services solutions provider.

With strong product brands such as Haufe, Lexware, Haufe Akademie, smartsteuer or Steuerbot, the services of the Haufe Group are used in large corporations, in medium-sized companies as well as in small businesses and by solo self-employed persons. The Haufe Group employs around 2,300 people at 13 locations and closed the 2021/22 financial year with revenues of 436 million euros.
